

Grafton High School

Hall of Fame Nomination Packet

Grafton High School Hall of Fame

The Hall of Fame at Grafton High School provides our students and Grafton community recognition of the outstanding legacies of Grafton High School alumni. It is hoped that this recognition will provide role models for our current students and offer us a chance to celebrate the successes of those who have graduated from our school district.

The selection criteria for the Hall of Fame attempts to ensure recognition of a broad cross-section of achievers. Five categories were established as criteria for selecting inductees for the Hall of Fame:

- Professional
- Athletic / Entertainment
- Science / Technology
- Military / Community Service
- Entrepreneur / Industrial

Candidates are reviewed on their contribution in these categories. Accomplishments, recognitions, and awards as well as letters of nomination from colleagues, other professionals, and the nominator are considered in selection of nominees. As well as being successful in their field, nominees should be examples of appropriate citizenship for our students.

The above categories were listed to serve as general guidelines in the selection process. It is not mandatory that candidates for induction represent each of the above categories. The categories are meant to ensure that those selected come from a broad cross-section of achievers. We are attempting to honor individuals who have made a difference, people who have succeeded, and people who have given unselfishly to make the world a better place. If a candidate is not selected in the year in which they are nominated it is not necessary to resubmit another application. All nominees are reviewed each year.

On behalf of Grafton High School, we thank you for your interest in our Hall of Fame.
